

CONSOLIDATED ELECTION HANDBOOK

NOVEMBER 6, 2001

INTRODUCTION

This is the first countywide election since enactment of the 15-day close of registration. Voters registering less than 18 days prior to the election will receive voter notification postcards with the location of their polling place, rather than a sample ballot pamphlet. In order to include as many voters as possible in the roster and index printing, polls training classes were moved back so that they all take place during the one-week preceding the election. Names of voters registered during the final days will be mailed to inspectors.

The website has been enhanced so that when a voter enters a residence address, the polling place appears with a description and map(as it did before) but now you can click to view the sample ballot pamphlet for that polling place.

To reduce the number of calls that do not get through on Election Day, we have added additional phones and operators and shortened the path on the interactive phone line for Election Day.

During the summer months the office conducted a purge of the voter file using National Change of Address (NCOA), followed by Alternate Residency Confirmation (ARC) to voters with no activity in the prior four years. In addition, Address Correction Services (ACS) from sample ballot mailings is used after every election – the most recent being September 25, 2001 (Colton Unified).

This handbook will provide the statistics, facts and information needed to cover the upcoming election. This information is also provided on our Internet site at <http://www.sbcrov.com>. However, if you have other unanswered questions, please feel free to call Ingrid Gonzales, Registrar of Voters at (909) 387-2083.

SUMMARY OF ELECTION PROCESS

BALLOT ACCESS

Each incorporated city consolidating with this election (5) is responsible for city candidates (including candidate statements and ballot designations) and city measures (including analyses, arguments and rebuttals) and submits information to the Registrar of Voters (ROV) office

The Registrar of Voters office is the filing office for candidates for districts and schools, and receives measures (including analyses, arguments and rebuttals).

ORDER OF CANDIDATES

The Secretary of State conducts a random alphabet drawing, which becomes the basis for determining order. There is no rotation of names in this election.

RANDOM ALPHABETICAL DRAW FOR NOVEMBER 6, 2001						
<u>SECRETARY OF STATE</u>						
1. I	2. D	3. U	4. C	5. V	6. G	7. F
8. O	9. M	10. T	11. B	12. E	13. W	14. P
15. N	16. J	17. S	18. L	19. Y	20. A	21. R
22. X	23. Q	24. K	25. Z	26. H		

Candidates for each race are put into an original order for that race, using the random alphabet draw. If more than one candidate's last name begins with the same letter, the next letter of the name is compared to the random alphabet draw until a final order of candidates for that particular race is determined.

ORDER OF MEASURES

Measures are given letters in alphabetical order, beginning with the next letter after the last measure in a previous election, in accordance with County policy.

SERVICES TO CANDIDATES/CAMPAIGNS

Candidates receive a Candidate Filing Guide with information on what is necessary to run for office, and the rules that apply. Campaign service seminars were held on August 20th at noon and 6 p.m. to discuss with the campaigns all of the important information relevant to running a campaign and the services available from the Registrar of Voters.

REGISTERING TO VOTE

Last day to register was October 22, 2001 at 5:00 p.m.

WORKING WITH MEDIA

A general calendar of all upcoming elections was sent to media sources several weeks in advance. Media releases were distributed October 11, and followed with this Election Handbook on October 19, 2001. No on site media is expected on election night.

EXIT POLLS

None.

VOTING MATERIAL

Sample ballot pamphlets were printed by Merrill, mailed by Diversified. Early close mailing began October 3, 2001; mailing to voters registered by E-25 days began on 10/13; mailing to voters registered by E-18 days begins on 10/22. Voters registered after E-18 days will not have a sample ballot pamphlet mailed to them but will receive postcard notification of their polling place location.

Sample ballot pamphlets are mailed using the Postal Service Address Correction Service (ACS), which provides electronic change of address information for voters who have moved. This information is used after the election to update the voter file.

We are continuing to use direct drop mailing (DDU) where the mailer bypasses the central postal facilities in Redlands and City of Industry and drops at each post office that does delivery. This saves time and provides better accountability.

Ballot cards provided by Election Systems & Software. Ballots are long stubs, round holes for absentee and rectangular holes for polls. Color = Lavender; Design = State Seal. 147 60-Day paper ballots were mailed to overseas and/or military voters.

ESTABLISHING POLLING PLACES/POLLS PUBLICATION

576 polling places (owners receive \$50). 355 polling places were donated. There are 9 double polls (2 polls in one location). A listing of polling places and poll workers will be published at least one week prior to the election in The Sun.

POLLING PLACE SUPPLIES

PollStar system – 4,032 booths and 4,608 voting devices (this includes one booth per polling place for disabled). All supplies will be distributed at training class.

RECRUITING AND TRAINING POLL WORKERS

The number of poll workers required is approximately 2,300. Letters are sent to past poll inspectors and workers. Advertising for poll workers (including bilingual workers) appears in the media, newsletters and

in the Sample Ballot (space permitting). In addition, an insert goes out to all County workers in their paychecks asking for help.

Inspectors attend training class, receive and return supplies and earn \$100 for the election; other poll workers earn \$65 plus \$15 if they attend training. There are 179 bilingual poll workers.

Three (3) teams of two (2) trainers conduct training for inspectors. Forty-four (44) classes for inspectors are conducted over a 1-week period using fifteen (15) sites located throughout the County. Separate classes are conducted for experienced and non-experienced inspectors, with weekend and evening classes in some areas. For the first time we will be having clerk training separate from inspector training. One team of two trainers will conduct the clerk training. There will be twenty-one (21) classes with weekend and evening classes throughout the county.

STUDENT POLL WORKER PROGRAM

The following high schools are participating:

SCHOOLS	NUMBER OF STUDENTS
Alta Loma High	25
Apple Valley High	52
Aquinas High	29
Barstow High	18
Big Bear High	12
Bloomington High	10
Cajon High	38
Chaffey High	60
Colton High	11
Etiwanda High	52
Hesperia High	22
Mountain View High	5
Ontario High	36
Orangewood High	17
Redlands High	71
Rialto High	20
San Andreas High	7
San Bernardino High	24
Silverado High	25
Sultana High	10
Washington High	8
Yucaipa High	30
Yucca Valley High	16

Together these schools will be providing 598 poll workers who will do the same job and receive the same pay (\$65 plus \$15 for attending training class) as all other poll workers. Training is conducted at the school for student poll workers by one team of two workers. This is a wonderful

outreach to students to prepare them for becoming voters when they are 18 years of age and it is a true service to the community.

ELECTION DAY/NIGHT ASSISTANCE TO POLL WORKERS

There will be thirty-one (31) regular troubleshooters, five (5) Lead troubleshooters, and four (4) "Ride-along" troubleshooter trainees who will assist some troubleshooters. When not responding to a trouble call, they will conduct routine inspections of assigned polls. Communication with troubleshooters will be by cellular phones and pagers. Cellular phones are supplied by Verizon Wireless Cellular and pagers are supplied by Nationwide Communications. Troubleshooters use rental vehicles supplied by Enterprise Rent-A-Car.

VOTING BY MAIL/ABSENTEE

Applications to receive a mailed absentee ballot are accepted through October 30th. From October 31st through election day, voters may vote an emergency ballot, which requires pick up at the ROV and hand delivery to a polling place or to the ROV office before the polls close. Early voting (Saturday) is scheduled for October 27th and November 3rd from 9:00 a.m. to 3:00 p.m. New citizens who became citizens after the close of registration may vote by coming to the ROV office. All absentee ballots must be received (at the ROV office or polling place) no later than 8:00 p.m. in order to be counted – postmarks do not extend this deadline. All signatures must be verified before approved for counting. Generic absentee voter applications have been distributed by thirteen (13) campaigns.

ASSISTANCE TO THE PUBLIC

Information on the election, results, absentee applications, and polls and sample ballot look up/maps is on the Internet at: <http://www.sbcrov.com>. The automated phone system (24 hrs. per day) has been updated for this election. There are sixteen (16) operators, including three (3) bilingual employees to assist Spanish-speaking voters. Telecommunications device for the deaf (TDD) is available on (909) 387-2788.

Polling place information is provided by 24 City Clerks and the following libraries: Apple Valley, Hesperia, Lucerne Valley, 29 Palms, Victorville, Yucaipa, and the Norman Feldheym Library in the City of San Bernardino. They are given instruction for fiche and/or the Internet.

ELECTION NIGHT BALLOT/SUPPLY RETRIEVAL

Absentee ballots received by 8:00 p.m. on Election Day at the Redlands (main) post office will be picked up by ROV staff and processed during canvass. There will be 24 return centers countywide. Early returns will be delivered from eight (8) return centers. Communication with return center teams will be by cellular phones and pagers. Cellular phones are supplied by Verizon Wireless Cellular and pagers are supplied by Nationwide Communications. Return center teams use rental vehicles supplied by Budget Car & Truck Rental. Early return teams use vehicles supplied by County of San Bernardino Central Mail Services.

BALLOT COUNTING LOCATIONS

Ballots are counted at (5) offsite locations and the ROV office (Election Central) on election night.

STUDENT VOLUNTEER WORKERS

Students from 6 high schools will staff the counting sites, performing such tasks as ballot inspection, counting, storage, distribution of election results, etc. See chart above for listing and numbers.

HOW BALLOTS ARE COUNTED

Each site is a tally center - open to the public to observe counting procedures, and to receive election results. Each of the remote sites is equipped with a processing station, which consists of a PC, a laser printer and (2) card readers. Data transmissions to Election Central are done via County telephone lines utilizing the County's microwave facilities at these locations. There are (6) card readers at the central counting center. Precinct totals are sent to the main computer at the ROV office by secure modem from remote sites. Bulletin updates occur as soon as the information is available.

Before any ballots may be counted, the computer is subject to Logic and Accuracy Testing, witnessed by an Official Observer Panel. These same computer tests are run after the count is finished. Official

Observers are solicited from the County Grand Jury, the League of Women Voters, media and the political parties, city clerks and civic organizations.

Absentee ballots are counted at the ROV site only. After 6:00 p.m. on Election Day these ballots are fed through card readers and totals are stored until the polls close at 8:00 p.m. At that time, the first bulletin is created and released (8:15 to 8:30 p.m.). No additional absentee ballots are added on election night. In San Bernardino County, absentee ballots are counted by precinct so that it is possible to see how all voters in a precinct vote.

Ballots are brought from the collection centers to one of the (6) assigned counting sites. Ballots (except absentee and provisional) are logged in, inspected, prepared for computer counting, counted and stored using essentially the same procedures at each site. Damaged ballots that cannot be machine tabulated are set aside to be counted in the official canvass. Ballots with write-in votes are sealed in envelopes for manual processing and tabulation at the ROV office.

All precincts must be processed and counted election night. If a precinct is missing or appears to be missing, a search is initiated. The count is expected to be complete between 12:30 and 1:00 a.m. on November 9. The number of absentee and provisional ballots received at the polls is marked on a special form by the coordinator at each site and this number is used to give an approximate number of outstanding ballots. When counting and final Logic and Accuracy tests are complete, all test materials, and ballots, are then transported from remote sites to the ROV office where they are secured for the official canvass.

AVAILABILITY OF ELECTION RESULTS

Sampling of Turnout

Fourteen (14) precincts located throughout the County have been selected to provide turnout information. At 10:00 a.m., 1:00 p.m. and 4:00 p.m. the polling place inspectors will be telephoned by the ROV office to request with their turnout totals. This information will be available to media, etc., at 11:00 a.m., 2:00 p.m. and 5:00 p.m.

Registrar of Voters Office/Election Central

Printed bulletins will be produced and distributed every 15-30 minutes. Results will be available on computer screens located on the front counter, given out by phone until 15 minutes after the last count, and distributed hardcopy every 15-30 minutes. Results will be faxed to those media who have made prior arrangements. The last bulletin election night will contain the approximate number of outstanding provisional/absentee/write-in ballots still to be processed for counting. Election night results are cumulative only - not by precinct.

Counting Sites

Each counting site will print/copy/post results depending upon the demand.

Internet

Results will be updated on the Internet every five minutes. County results are available on (<http://www.sbcrov.com>). A map is available showing which precincts that have been counted.

ADDITIONAL BALLOT COUNTING

One add-on count has been scheduled for Tuesday, November 13 for absentee and provisional ballots. At that point, the majority of all outstanding ballots will have been counted. The final official ballot tally will be completed no later than November 27th, at which time the Registrar of Voters will certify the election to the consolidating cities and districts.

WRITE-IN COUNT

Write-in counts do not appear on election night bulletins. This is due to the many steps required to process these ballots manually. A write-in count will be released November 13, 2001.

POST ELECTION NIGHT RESULTS

An unofficial cumulative bulletin will be released after the add-on count on November 13th and an unofficial precinct results (Statement of Votes) will be released on November 14th. The final official cumulative bulletin and Statement of Votes will be available on November 27, 2001. Voter history tapes/reports will be available approximately 1-2 weeks after the election is certified.

WHAT IT TAKES TO WIN

Measures normally require a majority vote unless noted "2/3" on the bulletin. For this election, the candidate with the most votes wins – with the exception of the City of San Bernardino. For this city, a candidate must receive a majority of the vote or a runoff election is required.

DISPUTE OF ELECTION RESULTS

Requests for recount may be submitted within five days after the completion of the official canvass. Requestor must pay estimated cost of recount in advance. The California Elections Code outlines the process for filing an election contest. Filing deadlines vary.

4 Election Results Information Sheet

When and Where Are Results Available?

- Results are available at the Registrar of Voters office in San Bernardino and at five remote counting sites.
- Results are also available on the Internet at: <http://www.sbcrov.com/>
- The first Summary Report will be released shortly after 8:00 p.m. This report will contain absentee/mail ballot results **only**. The voting precinct totals will be added to the absentee/mail ballot totals as soon as they arrive at the counting site. Internet will be updated every 5 minutes. Hardcopy results released every 15-20 minutes at ROV site and as needed at remotes.

Explanation of Bulletin Format

- A. Reports are sequentially numbered. Date and time appear in the upper right-hand corner.
- B. Reports will contain votes cast within San Bernardino County only. Overlapping districts are noted in parenthesis by the race with "(*)".
- C. District name appears only when a contest is counted by a specific district (not County or statewide).
- D. (#/PCT ____) = Number of voting precincts for this election/race. (This number does not change.)
- E. (#/RPT ____) = Number of precincts reporting at time report was created. This number will increase as precincts are counted.
- F. (%/RP) = Percentage of precincts that have reported at time report was created. (This number will increase as precincts are counted - up to 100%.)
- G. Measures always list results with "Yes" first. Note: If a measure requires more than a majority vote, "2/3" appears next to the measure.
- H. The number of votes received along with the percentage of all the votes cast for that measure appears to the right of each yes + no.
- I. As votes are counted, candidates are ranked with the candidate having the most votes appearing first.

Registration/Turnout - The last *semi-official report* election night will contain pages of statistics showing registration/turnout numbers and percentage. Turnout represents the ballots cast.

NOTE: There is a difference between ballots cast and votes cast. A voter may undervote his/her ballot (i.e. skip any of the races/measures) or may overvote (i.e. vote for the YES and NO on a measure) which voids the vote cast on that one measure alone.)

Absentee Totals - San Bernardino County counts absentee totals by precinct so that it is possible to see how all voters in a precinct voted. This level of detail is available only on the Statement of Votes Cast.

Order of Measures – Measures are listed beginning the letter following the last letter used in the prior election and begin again at the beginning when the alphabet is exhausted.

When Will the Count Be Completed?

The count will be finished Election night -- after all precincts report. However, the count is not considered complete until the election is certified following the canvass.

Availability of Election Results

November 13 the updated Unofficial Summary will be available. November 14 the Unofficial Statement of Votes (precinct report) will be available. Official Summary results are available the day the election is certified, November 27. Official Statement of Votes results are also available the day of certification.

What is the Official Canvass?

State law requires an official canvass (audit of the election). This entails numerous manual processes that verify the accuracy of the computer count, including a hand tally of ballots cast in 1% of the precincts. When complete, election results are certified to the various jurisdictions, which then declare the winners.

What it Takes to Win

Measures normally require a majority vote unless noted "2/3" on the bulletin. For this election, the candidate with the most votes wins – with the exception of the City of San Bernardino. For this city, a candidate must receive a majority of the vote or a runoff election is required.

Election Definitions

- **NPP** - No polling place was assigned because there were fewer than 250 registered voters. These voters are "declared" absentees.
- **Requested AV** - Voters who choose to vote by absentee/mail ballot instead of going to the polls.
- **Provisional Ballot** - Voted at polls when a voter's registration is in question. These ballots are sealed in an envelope for later verification at Registrar's office.
- **Write-in Ballot** - When a voter chooses to manually write-in a vote for a candidate(s) not printed on the ballot. The entire ballot is set aside to be counted after the validity of the write-in vote is determined.
- **Unofficial Results/Semi-official** - All election results issued prior to completion of the official canvass.
- **Official Results** - Final election tabulation is issued after completion of the official canvass and the Registrar of Voters certifies results.
- **Official Canvass** - A detailed audit of the election. The law allows 28 days to complete this process.
